### SP100-CL Cordless VoIP Phone

High quality, low cost, easy-to-use and easy-to-install, the SP100-CL provides the perfect solution for broadband Internet Voice over IP. This cordless IP phone routes calls to VoIP network.

It is easy to make phone calls using SP100-CL. You just need to plug the internet cable into the SP100-CL. You can make phone calls using the cordless handset around house. You need no sound cards, modems, speakers and microphones. None of your PCs even have to be turned on to make and receive calls.

There is no cost to make on-net calls and very low rates to call regular telephone line around the world (depends on your service provider's plan).
